

REMARKS

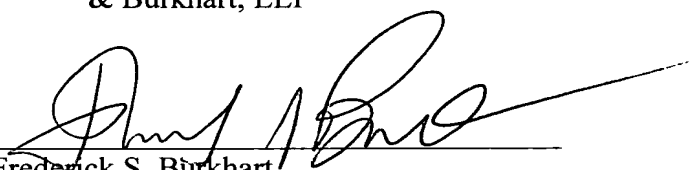

The undersigned gratefully acknowledges receipt of the Notice of Allowance and Issue Fee Due mailed April 22, 2005, in the above-identified matter. Upon further review of the claims, the undersigned uncovered a lack of antecedent basis for some terms. The attached amendment is in order to provide proper antecedent basis and to address other informalities. It is submitted that the amendment does not substantially modify the scope of the claim or require further examination. Accordingly, it is submitted that entry of the amendment is proper. It is earnestly requested that the Amendment be entered.

Respectfully submitted,
